Retail Security Gates

Store Front window gates protect retail establishments from theft and vandalism, and promote overall safety by controlling unwanted foot traffic.

Custom-built folding gates protect a single access point or provide a complete front-line wall of security across openings of any size. Prevent smash-and grabs and casual break-ins with an economical solution for after hours security, without sacrificing visibility or detracting from Store Front appeal. Both portable and permanent options are available to accommodate the needs of various retailers.

Store Front Window Gates

- Protect a single access point or complete façade
- Provides around the clock, 24/7 protection
- Custom-built solutions suit any opening
- Manufactured in traditional Heavy or Xtra-Duty styles
- Available in top hung and/or bottom rolling track configurations
- Xtra-Duty style configured with top and bottom track for maximum security

Aisle Gate

- Perfect to secure construction areas and retail store aisles (i.e. Liquor aisles)
- Easy to carry and handle when not in use
- Can be used in multiple locations
- Add-on gates can provide additional 6' of coverage
- Gates can be ordered to combine and lock together
- Available in powder-coated safety yellow or other OSHA colors
- Aluminum model also available

Dock Doors

All Galvanized finish • Steel U-channel webbing riveted back-to-back with aircraft quality aluminum rivets • 1-1/2" x 1-1/2" vertical member angles • Solid Steel casters • Padlock ordered separately • Gates lose 6" in height when extended • Single Folding Gate for use when Pair Folding Gate is not an option • Locks on the right standard, locking on the left available, locking bar included
